DATE MAILED: 08/26/2002

Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003: Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given by Mr. Thomas Hughes on 8/23/02.

The application has been amended as follows:

IN THE CLAIMS:

Claim 1 last line after second occurrence of "position" insert --, wherein the sealing part moves relative to the conduit in an annular space disposed radially outside of the outer socket connector when the sealing part moves between the closed position and the open position--

Claim 17 line 3 after second occurrence of "connector" insert --element--

Claim 17 line 8 after "connector" insert --element--

Claim 17 line 9 after each occurrence of "connector" insert --element--

Claim 17 line 10 after "connector" insert --element--

Claim 17 line 13 after each occurrence of "connector" insert --element--

Claim 17 line 14 after each occurrence of "connector" insert --element--

The following is an examiner's statement of reasons for allowance: claims 1-17 are allowed because the recited combination of elements of a connector and method of using the connector including a sealing part that moves in an annular space radially outward of the outer socket

Art Unit: 3763

connector when opened as recited in claims 1-13, a penetration body within the conduit as recited in claims 14 and 15, and the method of connecting including pushing second housing into first housing, first and second sealing parts do not contact conduit of first and second connector elements respectively, and pushing forms a continuous conduit and further pushing opens shut off elements of the connector elements is not found nor fairly taught in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Hayes at (703) 305-5873.
